*** DEMO / SYNTHETIC STABILITY REPORT — NOT A VALIDATED SHELF-LIFE STUDY ***

NutriShield Vitamin C+ — Vitamin C Stability / Shelf-Life Report

1. Study Objective

To evaluate active Vitamin C stability over the proposed shelf-life period.

2. Product Information

Product: NutriShield Vitamin C+
Proposed Shelf Life: 9 months
Study Type: Demonstration stability record

3. Storage Conditions

Ambient warehouse conditions (25°C / 60% RH).

4. Vitamin C Stability Results

Time Point	Vitamin C Result
Initial	500 mg / 250 mL
1 Month	492 mg / 250 mL
3 Months	481 mg / 250 mL
6 Months	NOT COMPLETED
9 Months	NOT COMPLETED

5. Interpretation

Initial to 3-month trend shows acceptable retention under demo conditions.

6. Missing Data

NOTICE: The 6-month and 9-month results are unavailable and therefore the 9-month shelf-life validation is incomplete. Do not claim that the product has been scientifically validated for 9 months.
